My Dearest Child -  
Your letter has  
just come - I am  
so glad that Bruce  
is doing so well.  
Pretty soon you  
will have so many  
men working for  
you - that you  
will have retire  
and you and R.B.  
take a trip -  
I should like to

see Bruce as Governor  
of North Carolina -  
I have decided not to  
go to Haiti just yet,  
but will be going  
somewhere this  
summer - I don't  
know where -  
The Club that elected  
me as the adopted  
daughter of Ponce - is  
giving me a banquet  
on the 29<sup>th</sup> of this  
month - there is  
also a Spanish Priest  
who is adopted, as well  
so our pictures will  
appear in the paper  
together - I suppose  
with a heart full of love  
I am - your loving - Lellie
